Issue Date: July 21, 2014

Effective Date: July 31, 2014

7.1.1. Local Switching

(D)

Local Switching provides local end office switching and end user termination functions necessary to complete the transmission of switched access communications to and from the end users served by the local end office.

Rates apply to all FGD access minutes that originate from or terminate to the Telephone Company's end office (equal access) and to all FGB access minutes that terminate to the Telephone Company's end office.

(R)

Shared End Office Trunk Port Charge

The Shared End Office Trunk Port provides for the termination of a Tandem-Switched Trunk at an end office. The Shared End Office trunk Port is usage rated and shall be assessed to all access minutes that utilize Tandem-Switched Transport.

When Tandem-Switched Transport is provided by more than one company, the Shared End Office Trunk port charge shall be bill by the Telephone Company in whose territory the end office is located.

7.1.2. Transport

Tandem Switched Transport

Tandem-Switched Transport consists of the circuits used in common by multiple customers from the LEC's access tandem to the Telephone Company's end office. The Tandem-Switched Transport Rate includes four sub-elements: a Tandem-Switched Transport – Termination rate, a Tandem-Switched Transport rate, a Tandem Switch Rate and a Shared Multiplexing rate. The third sub-element, Tandem Switch Rate does not apply for Telephone Company's current Network Configuration. The other sub-elements are provide below:

1. The Tandem-Switched Transport – Termination element is a usage rated, per minute. Rate to recover costs incurred at the ends of the transmissions links.
2. The Tandem-Switched Transport element is usage rated and distance-sensitive, i.e., a per access minute per airline mile rate. The rate recovers costs of the transmission facilities, including intermediate transmission circuit equipment, between the end-points of the circuits.

Territory Rates and Charges - 9102 Verizon New England Inc.

Tandem Switched Transport – Termination	<u>Originating</u>	<u>Terminating</u>¹
Per Access Minute, Per Mile	\$0.000000	\$0.000000
Tandem Switched Transport - Facility		
Per Access Minute of Use	\$0.000020 (R)	\$0.000020

7.2. Ordering Charges

7.2.1. Access Order Charge

A nonrecurring, per occurrence charge assessed for the processing of access orders, is applied per access order for the installation, addition, change, rearrangement or move of Access Services.

Access Order Charge

Non-Recurring Charge	\$100.00

7.2.2. Design Change Charge

A nonrecurring per occurrence charge is assessed for any change to an access order that requires an engineering review or reevaluation of facilities needed in order to implement the requested access service.

In the case of a Customer-initiated modification of Service, charges for the subsequent orders are in addition to the costs incurred before the Customer changed the original order.

Design Change Charge

Non-recurring Charge \$ 150.00

7.2.3. Service Date Change Charge

Access Service Order Request service dates may be changed, however, a Service Date Change Charge will apply for each service date change after the plant test date of the original ASR.

For Switched Access, the new service date may not exceed the original service date by more than 30 calendar days. If the requested service date is more than 30 calendar days after the original service date, the ASR will be cancelled by the Telephone Company and cancellation charges will apply. The ASR will be reissued with the new service date.

Service Date Change Charge

Non-recurring Charge \$ 150.00

7.2.4. Expedited Order Charge

A nonrecurring per occurrence charge assessed for requests that service be provided on an earlier date than originally requested on the access service order. If the Telephone Company determines that service can be provided on an expedited basis without additional costs to the Telephone Company, the expedited request will be accepted.

With the agreement of the Telephone Company, a new service date may be established that is prior to the original service date and an Expedited Order Charge will also apply in addition to the Service Date Change Charge.

Expedited Order Charge

Non-recurring Charge \$ 500.00

*plus additional labor charges (See Labor Charges)

7.2.5. Access Order Cancellation Charge

A Customer may cancel their Access Order on any date prior to the service date. The cancellation date is the date the Telephone Company receives written or verbal notice from the Customer that the ASR is to be cancelled. The verbal notice must be followed by written confirmation within 10 days.

For Tandem Switch Transport, if a Customer is unable to accept service within 30 calendar days of the original service date, the ASR shall be considered cancelled and the charges described below will apply. In such instances, the cancellation date shall be the 31st calendar day beyond the original service date of the ASR.

When a Customer cancels an ASR for the installation of new service, or an ASR to modify existing service, charges will apply as follows:

When an ASR for Switched Access Service is cancelled on or after the Application Date, The Cancellation Charge is calculated, on a per ASR basis, by multiplying the total Installation non-recurring charges for the quantity ordered by the number of business days elapsed since the Application Date, and dividing that figure by the number of days in the service interval (i.e., the number of business days between the Application Date and the last day of the service date interval) and adding the Switched Access Ordering Charge.

When a Customer chooses to commence billing rather than cancel an ASR for these services specified above, the Customer must submit an ASR prior to calendar day 31 from the original service date and request a service date change. The new service date may not exceed the original service date by more than 120 calendar days. Charges will only apply for each subsequent service date change request after calendar day 31, not to exceed 120 calendar days.

When a Customer elects to commence billing, a monthly recurring charge will begin accruing at calendar day 31 after the original service date. Upon completion of the ASR, the initial bill for the service will include these accrued charges and any additional nonrecurring charges in addition to any other billable charges specified in this section.

If the ASR is not completed within 121 calendar days of the original service date, the ASR will be cancelled. Cancellation charges will apply. In addition, the Customer will be billed the accrued monthly recurring charges specified above plus any additional nonrecurring charges applicable for the Service. These charges will be computed commencing at day 31 after the original service date up to and including the cancellation date, not to exceed 90 days of service (120 days from the original service date). The Telephone Company will not reissue an ASR with a new service date beyond 121 calendar days. It will be the Customer's responsibility to submit a new ASR for Switched Access Service.

A nonrecurring per occurrence charge assessed for any change to an access order that requires an engineering review or reevaluation of facilities needed in order to implement the requested access service.

Access Order Cancellation Charge

Non-recurring Charge \$ 75.00

*plus any additional Labor costs
